**EU-Declaration of
 Conformity
 For: Pi4**

Manufacturer:

Innovative Optics, LLC
 6812 Hemlock Ln Maple Grove MN 55369

Innovative Optics declares the part listed below is in conformance with the provisions of the PPE Regulation (EU) 2016/425 Directive 2001/95/EC and where such is the case, with the harmonized standard EN 207:2017

Model Number: **Pi4**

Description:

The Pi4 is a Laser Safety Filter for the medical and dental market. It is designed to be worn with certified laser safety frames and designed for specific laser radiation wavelengths. Why do I need to wear laser eyewear? The 'light' from medical and dental lasers can be concentrated and that light can cause permanent eye damage. It is possible to cause irreversible ocular injury with one direct or reflected laser beam. The laser light can be visible or invisible and the laser beam can be only as wide as a human hair.

- The Pi4 filter is Polycarbonate
- The Pi4 filter has VLT of 39%
- The Pi4 filter is designed for multiple wavelengths

The Pi4 filter is identical to the PPE which is subject of the EU-type-examination certificate no C5698INV0/R3
